

# CO'S ENVIRONMENTAL POLICY STATEMENT

- ▶ Comply with applicable environmental law, regulation and policy.
- ▶ Employ strict Pollution Prevention (P2) efforts.
- ▶ Conserve natural and cultural resources.
- ▶ Clean up past contamination.
- ▶ Minimize any risk to our mission.
- ▶ Continually improve our environmental performance.

## MCAS MIRAMAR COMMANDING OFFICER'S ENVIRONMENTAL POLICY STATEMENT

Marine Corps Air Station Miramar's mission is to maintain and operate facilities, and to provide service and material to support the operations of 3d Marine Aircraft Wing and tenant organizations. The vision of our Environmental Management System (EMS) is to sustain and enhance Marine Corps mission readiness and access to training environments through effective environmental management.

It is our commitment to:

- > COMPLY with applicable environmental law, regulation and policy.
- > employ strict POLLUTION PREVENTION efforts.
- > conserve natural and cultural resources.
- > clean up or control areas of past contamination.
- > minimize any risk to our mission.
- > strive for CONTINUAL IMPROVEMENT of our environmental performance.

Successful implementation of the MCAS Miramar EMS helps to ensure that the training opportunities enjoyed by today's Marine will be available to future generations of Marines.
